

ES100 from Enviro-Solutions eats soils

By AlturaSolutions Communications

Dated: Jul 16, 2010

You could say ES100 from Enviro-Solutions eats soils. That's because ES100 is a bio-active odor eliminator. It neutralizes bacteria that cause odor, replacing them with healthy, odor-free microorganisms that eat soils for up to 80 hours.

You could say ES100 from Enviro-Solutions eats soils. That's because ES100 is a bio-active odor eliminator. It neutralizes bacteria that cause odor, replacing them with healthy, odor-free microorganisms that eat soils for up to 80 hours.

It's easy to use: just mist on surfaces in restrooms, gyms, and locker rooms...wherever odor is a problem. It even has a resoiling surfactant so it can be used on both hard and soft surfaces.

And ES100 is certified by EcoLogo® so you know it is as effective as it is safer for users and the environment.

For more information, visit www.enviro-solution.com, or call toll-free: 877-674-4373.
