## AQUEOUS PARTS WASHER CLEANER

### END USE APPLICATIONS

- Replaces solvent based cleaners that contain harmful chemicals

### DIRECTIONS:

Depending on soil severity, add from 5 parts (light soil) to 20 parts (heavy soil) of Aqueous Parts Washer Cleaner to 100 parts of water. Top up solution as required to maintain cleaning action. Tank should be dumped when solution becomes severely contaminated

### BENEFITS

- Works well over a wide temperature range, works best with hot water
- Will not attack aluminum or brass parts at recommended use level
- Keeps on working even in recycle operations

- Low odor
- When spent solution is allowed to stand and cool most of the oils will float and sludge will sink leaving an easily treatable supernatant liquid

### SIZES:

18.9 L (5.0 U.S. gallon)  
208 L (55 U.S. gallon)

#### HEALTH & SAFETY

**Environmental Regulatory Lists:** Potassium hydroxide is listed in CERCLA – Section 102 (Reportable Quantity) 40CFR 302 and Clean Water Act Section 311 (Reportable Quantity) 40CFR 116.

#### Product does not contain:

Nonyl Phenol  
Phosphate  
EDTA

**Not Flammable**

**No VOC's**

**Carcinogenic:** No ingredients listed by IARC or NTP.

#### PACKAGING

Wherever possible, bottles and pails made from recycled plastic (10 – 25%). Can be recycled where facilities exist. Boxes made from recycled cardboard (94 – 100%).

#### NATURAL RENEWABLE RESOURCES

Wherever possible, we use only naturally-based, renewable ingredients, such as grains, corn oil, palm kernel oil, coconut oil, sugar cane juice & glucose.
